1. This Office action is in response to the amendment filed August 17, 2006. Claims 1-20 are pending. A review of Provisional Application 60/481,225 has been made and it has been determined that the claimed subject matter is supported within the application. Thus, the benefit of the Provisional's filing date is granted. The prior rejections to the claims have been withdrawn in view of the amendments.

2. Claims 1-20 are allowed.

3. The following is an examiner's statement of reasons for allowance: The claims have been amended to recite a downhole network with a plurality of pipes having electrically coupled inductive coils for passing data packets between the synchronized nodes. Such a combination is not taught or suggested by the prior art of record. While Shawhan teaches synchronized nodes in a drill string, the system is an acoustic system and thus, does not teach or suggest the use of electrically coupled pipes with inductive coils.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Albert K. Wong whose telephone number is 571-272-3057. The examiner can normally be reached on M-Th.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Wendy Garber can be reached on 571-272-7308. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
